

**ASHFIELD HOMES LIMITED on behalf of ASHFIELD DISTRICT COUNCIL
HOUSING REFURBISHMENT PROGRAMME**

The table below highlights those properties identified for replacement Kitchens and/or Bathrooms between April 2010 and May 2011.

Where properties are due to receive replacement Kitchens and/or Bathrooms, an assessment of the heating and electrical installations will be made prior to such works being carried out, and remedial/replacement works carried out where deemed necessary.

The exact extent of the work we intend to carry out within individual properties will be decided following a survey by our Construction Partner before work starts. This final survey will determine whether we carry out some or all of the work highlighted, or indeed carry out some additional work.

For further details or enquiries please do not hesitate to contact Ashfield Homes' Tenant Liaison Officer, Misty McGrath on (01623) 608860 or 07900 228054.
